

**John K. Davies
Trustee Candidate
South Davis Sewer District**

I am currently serving as your trustee for the South Davis Sewer District (SDSD) and seeking **reelection** for another four year term. Prior to serving as your trustee, I was employed at the SDSD for 12 years as the District Inspector (plus 4 years as a trustee). During my employment as the District Inspector, I became very familiar on how the SDSD collects and treats the wastewater from the five cities it serves.

This has helped me in governing the SDSD as a trustee promoting innovative programs to benefit the District customers and the environment.

The SDSD has the lowest sewer rates in the state (\$5 per month) and has not raised rates since 1988.

I have lived Bountiful for 68 years. I was in the first graduating class at Viewmont High School. I am married to my wonderful wife Carol. My hobbies include camping, and gardening.

The position of trustee for the SDSD is a sacred duty in representing the public interest. I take this calling seriously, it's an honor to serve you.

If you would like more information please contact me. Have a great day!
