

## PAY YOUR SEWER BILL ELECTRONICALLY

For the convenience of our customers, the South Davis Sewer District has two options to pay the semi-annual billing in January and July.

**ACH DIRECT PAYMENT:** This option automatically withdraws the semi-annual payment from the customers checking account. The customer can receive an email statement and/or a paper bill. These notices will include a reminder that an ACH payment will be processed.

**BANK BILL PAY:** Most banks offer this service. The bank will send the payment to the District. If this option is utilized, be sure to include the -00 or 00 on the end of your District account number so your account be found electronically. The District account number stays with the property and is not transferred if a customer moves to a different location within the District. If a customer moves the District account number will need to be changed.

Customers can also make monthly or quarterly payments if preferred. Any payments made will be credited to their account. However, the District only bills semi-annually.

The South Davis Sewer District does not accept debit or credit cards.
